

CULPEPER CENTER

For a Beautiful Wedding

With the opening of the Culpeper Center in the summer of 2013, Culpeper continues its award-winning Main Street USA reputation as a valued destination for visitors from Charlottesville, Richmond, Fredericksburg, and the greater Washington area. Charming downtown Culpeper is known for its specialty shops, great restaurants, and the historic State Theatre.

The Culpeper Center presents a beautiful art deco façade and entrance corridor that complements the neighboring newly-renovated State Theatre. Inside, the Culpeper Center offers a distinctive setting for your wedding and special occasions. The latest in high-tech LED lighting and audio-visual systems provide many amenities to make your wedding reception memorable. After relaxing in the bridal party suite, make a grand entrance from an elevator directly into the banquet space. Eight spectacular overnight suites are available on-site, and five more suites are just a two minute walk away. Our experienced event planners will work with you to understand your needs and orchestrate every detail to meet your high expectations.
